

RACE TO **END** HUMAN TRAFFICKING

All proceeds from our **Stomp Out the Demand for Human Trafficking 5k Race** will go directly to the U.S. Institute Against Human Trafficking, a non-profit, community-based organization dedicating to ending human trafficking. We see sex trafficking as a supply answer to a demand problem. The reality is that the problem lies in the demand to purchase a human being for sex. Because the demand exists, the traffickers are filling an economic equation, and filling the supply with victims. **Let's change this. Let's stomp out the demand for human trafficking!**

usiaht
